<b>3. Date of Injury</b> Unknown at this time	<b>4. Time of Injury</b> Unknown at this time
<b>5. Physical Location of Injury</b> Decedent's bedroom inside residence located at 456 Drury Lane in Springfield	
<b>6. Describe How Injury Occurred</b> Decedent was shot by another	
<b>7. Related Case Information</b> <p>On February 22, 2017, the decedent was reportedly found lying on his bed inside his residence. The decedent was observed wearing only underwear and the bedsheets were disheveled. A "9mm LUGER" cartridge was found on the floor by the bed. The decedent's personal firearm, a 9mm handgun, was reportedly missing from the bedside table. A black holster, similar to the one the decedent reportedly kept his firearm in, was found on the bedside table. The bedroom door was reportedly locked from the inside. At this time, the weapon used has not been recovered and the decedent was last known to be alive on February 19, 2017.</p>
