

North Carolina Forensic Services Laboratory

CODIS Hit Notification

April 15, 2019

Laboratory Number: L19-01234

Agency Case Number: 2019-0346

Detective Antwon Bates
Lillington County Sheriff's Office
456 East Bay Street
Lillington, NC 27546

Dear Detective Bates,

Upon a search of the North Carolina State DNA Index System (SDIS), a high stringency match occurred between the DNA profile entered into CODIS by the North Carolina Forensic Services Laboratory from L19-01234 Item 1 (One (1) lavender topped test tube of blood from John Doe) and the North Carolina Convicted Offender sample identified as belonging to:

Name: James Beck
DOB: 02/25/1973
SID#: 0003-46-578
FBI#: 579-684-2247

This information is to be used as an investigative lead. Analysis in this case is not considered complete until a known reference sample for the above individual is obtained and submitted to the North Carolina Forensic Services Laboratory for comparison purposes. If a reference sample is not able to be obtained, familial reference samples (blood or saliva) may be submitted in consultation with the laboratory.

Please notify the North Carolina Forensic Services Laboratory DNA Database Department if you have any questions or issues obtaining the known reference sample(s).

Sincerely,

Anna Money, M.S.

DNA Database Analyst
