Dear Detective Marshall,

Upon a search of the State DNA Index System (SDIS), a high stringency match occurred between the DNA profile entered into CODIS by the ABC Forensic Services Laboratory from Laboratory Case Number A2022-05555, Item BCSO-3.1, and the ABC Convicted Offender sample identified as belonging to:

Name: Trevor Toler
DOB: 07/08/1979
SID#: ABC028775
FBI#: 928-009-4388

This information is to be used as an investigative lead. Analysis in this case is not considered complete until a known reference sample for the above individual is obtained and submitted to the ABC Forensic Services Laboratory for comparison purposes. If a reference sample is not able to be obtained, familial reference samples (blood or saliva) may be submitted in consultation with the laboratory.

Please notify the ABC Forensic Services Laboratory DNA Database Department if you have any questions or issues obtaining the known reference sample(s).

Sincerely,
Hannah Coin, M.S.
